

THE DENVER FOUNDATION

Impact100 Metro Denver is pleased to invite you to submit a \$100,000 grant application.

Impact100 Metro Denver is a donor advised fund of The Denver Foundation. It was founded by Cathy Murphy and Pat Wynne and is seeking to support a transformational change for one non-profit organization. Organizations must have an existing focus on mental health, hunger, seniors and/or education for economically disadvantaged youth.

Mission

The mission of Impact100 Metro Denver is to increase participation among women in local philanthropy, raise awareness of the unmet needs of non-profits in Metro Denver, inspire members to become more involved with local charities, and make a substantial and lasting impact on the long-term sustainability of our non-profit community.

Impact100 Metro Denver is about the power of collective decision-making and collective grant-making. As a grant-making organization, Impact100 Metro Denver brings together women in our community to do something truly remarkable: give a gift of \$100,000 to a non-profit organization in our local area that has a big idea and great potential, but may have little access to large-scale funds.

Definition of Transformational Change

A change in the structure or composition of a program/project or the addition of a new program/project which has a significant impact on the constituents served by the organization. Transformational change will create a dramatic, rapid improvement in the way in which an organization's constituents are served.
